Residential Listings

A-Z listings of local residential numbers.

Information listed within the A-Z section **has been provided by each Communication Provider** (phone line provider) for that individual and is published based on their directory status. If the person has been flagged as **Ex-Directory** it **will not be printed**.
BT will only print information that **has been provided.** If you believe there is an omission or an error, please contact your Communication Provider to check the directory status of the information.

Data is updated annually. Changes made with your service provider will not take effect until the next A-Z Directory is created. Use of the term 'The Phone Book' also pertains to BT.
