

0:00

York Against Cancer are a local charity helping people in York, North and East Yorkshire affected by cancer.

0:07

We provide a respite property here in Yapham which has been very kindly donated to the charity by Hazel and Phil.

0:14

We've had around 50 cancer patients and their loved ones using the property.

0:19

I think it's really wonderful that Openreach have been able to support the property by providing full fibre to such a rural area and in doing so helping to support a local charity and local people across the region.

0:31

We found York Against Cancer because my brother died in York Hospital.

0:36

Both my parents have been treated for cancer in York Hospital, so we felt as though we owed it to York.

0:43

When we first contacted Openreach we didn't really know what to expect, certainly wasn't expecting a phone call within hours to say yes, absolutely, what do you want?

0:54

We're on board with you.

0:55

When patients stay, they they get out of the experience.

0:59

What we had hoped that Chris would have, being able to relax, adjust to what's going on at home, but not being at home.

1:09

In the guest book, there are so many comments about how patients had been able to relax and just gather themselves together ready for the onslaught of going back to reality.

1:21

You know, we're so pleased that people get get that out of this place.

1:25

That's what we aimed for.
