Chairman's letter

Connecting the UK while transforming our business.

BT Group has made good progress in the last few years and yet we still have an enormous transformation ahead of us if we're to truly modernise the way we operate for the benefit of all our stakeholders.

As our investment expenditure reduces and as Allison's leadership brings renewed focus and accelerated delivery, I'm confident that the long-term prospects for BT Group are extremely strong.

Adam Crozier
Chairman

The connections that we provide are more critical than ever, and our customers' needs and demands are constantly evolving.

Keeping the UK's homes, public services and businesses connected places a huge responsibility on BT Group – one that we've continued to meet successfully in FY24, while sustainably growing our business and continuing to transform our operations.

We've also achieved this while facing significant change across the organisation, including the appointment of our new Chief Executive.

Thank you to Philip

After five years as Chief Executive of BT Group, Philip Jansen stood down at the end of January 2024. Philip achieved a huge amount during his time, most notably setting our vision to provide full fibre connections to 25m premises across the UK by December 2026 – a target we're well over halfway towards completing.

Philip's tenure was also marked by a number of exceptional external challenges. Covid-19 caused immediate changes to everyday life and lasting shifts in how businesses and society operate, and BT Group successfully adapted to both under Philip's leadership. He also steered the business through the impacts of events such as the cost-of-living crisis, high inflation rates and the invasion of Ukraine.

I'd like to take the opportunity to again thank Philip personally, and on behalf of the Board, for everything he delivered for BT Group and the foundation he's set for our future success. I wish him all the best with his future endeavours.

Welcoming Allison

In February 2024, we welcomed Allison Kirkby as our new Chief Executive. She is a proven leader, with deep sector experience and a history of transforming businesses.

Having served as a member of our Board since 2019, Allison already has a full understanding of our long-term strategic objectives. Allison sets out how she's shaping this strategy to deliver for our customers and stakeholders better and faster, in the Annual Report 2024.

This will be achieved by focusing on building and connecting customers to our networks, and accelerating the transformation of BT Group to improve our customer service and for the benefit of all our stakeholders. The Board and I look forward to supporting this agenda and Allison's leadership in her new executive capacity.

Moving beyond peak investment

We've steadily accelerated the delivery of our unprecedented investment programme, creating the UK's digital backbone and enabling growth in its economy and businesses. Building and connecting faster hastens the delivery of returns to our shareholders.

FY24 is the year in which we passed the peak of our capital expenditure on this programme, enabling us to see greater normalised free cash flow over the coming years. This gives us confidence to increase the full year dividend to 8.0 pence per share, to be approved by shareholders at the AGM, while reaffirming our progressive dividend policy for our loyal investors.

Chairman's letter continued

Enabling better outcomes for the UK

While change both inside and outside BT Group is now constant, our purpose endures: We Connect for Good. Our network investments, alongside our Manifesto commitments to deliver responsible, inclusive and sustainable technology, create a foundation for greater inclusivity and wider benefits to society.

We're committed to ensuring that the networks we provide, and the essential services they enable, are accessed and utilised as widely as possible across the UK. In 2021, we set an ambitious goal to reach 25m people in the UK with digital skills by March 2026, and we're on track to hit that target. We also continue to move forward on our wider sustainability goals, with a commitment to build towards a circular BT Group by the end of March 2030, and a circular tech ecosystem by the end of March 2040.

We've continued to make clear progress on reducing our environmental impact, with a 61% reduction in operational carbon emissions intensity (compared to FY17 levels) – but we want to go further too, both in our own operations but also within the wider ecosystem we enable. That's why we've set a target to achieve net zero carbon emissions in our operations by the end of March 2031, and for supply chain and customer carbon emissions by the end of March 2041.

Engaging with our stakeholders

The massive investments we've been making, amid highly challenging economic conditions and constantly increasing data usage and demand, have created inflationary pressures on our business. This has an unavoidable impact on the prices we must charge our customers. We know these rises are never welcome, which is why it's critical that the rationale behind them is fully explained and understood.

Our Consumer business was the first in the industry to incorporate Ofcom's latest proposals on pricing, moving to a 'pounds and pence' structure so that customers have a clear view of costs across their contracted period. We've also continued to protect our social tariff and pay as you go customers from price increases, to ensure everyone is able to remain online.

We're engaging with a broad range of stakeholders, including Ofcom, UK Government, the Digital Voice Advisory Board and Telecare Action Board, as we progress the switch from analogue to digital landlines. Along with other communications providers, we paused all non-voluntary migrations in December 2023, and we now expect to have migrated all customers off the public switched telephone network (PSTN) by the end of January 2027, allowing us to align the programme with full fibre broadband customer upgrades where available. This timescale will ensure we get this right while delivering this essential programme to ensure the long-term resilience of our networks and services.

Board changes

During the year, Philip Jansen stepped down from the Board and as Chief Executive, and we welcomed Allison Kirkby to the role of Chief Executive, having served on the Board since 2019.

Ian Cheshire and Iain Conn stepped down from the Board at the conclusion of the 2023 AGM. Adel Al-Saleh also stepped down from the Board in December 2023 and Isabel Hudson will step down at the conclusion of the 2024 AGM after serving nine years on the Board.

Ruth Cairnie joined the Board in April 2023 and, from the conclusion of the 2023 AGM, succeeded Iain as the Senior Independent Director and Ian as the Chair of the *Remuneration Committee*.

Raphael Kübler was appointed to the Board in January 2024 having been put forward by Deutsche Telekom as their nominated director.

Finally, Tushar Morzaria was appointed to the Board as an Independent Non-Executive Director on 7 May 2024.

With these Board changes, we have focused on complementing the existing skills on the Board, and ensuring the best mix of diversity of viewpoints, skills and experience.

Directors' election/re-election

The Board believes that each director who is being put forward for election or re-election at this AGM brings considerable knowledge, wide-ranging skills and experience to the Board, makes an effective and valuable contribution and continues to demonstrate commitment to their role.

The Board considers all of the Independent Non-Executive Directors standing for election or re-election to be independent in accordance with the UK Corporate Governance Code 2018. I was independent when appointed as Chairman.

Attendance and voting at the AGM

The 2024 AGM will be a combined online and physical meeting (hybrid meeting). To attend the meeting online, shareholders are invited to participate via a live webcast which can be accessed through web.lumiagm.com/133-807-915

See pages 22 to 25.

Details on how to attend the AGM in person are set out on page 26.

We encourage all shareholders to vote in advance by appointing a proxy, regardless of whether or not they intend to attend the AGM either in person or online. Our share registrar, Equiniti, must receive a shareholder's online or postal proxy appointment and voting instructions by 2:00pm on Tuesday 9 July 2024 at the latest to ensure that shareholder's vote is counted. Furthermore, we strongly recommend that shareholders appoint the Chair of the AGM to act as their proxy to ensure their votes are counted.

Voting on all resolutions on the day of the AGM will be by way of a poll.

For further details about how shareholders can attend, ask questions and vote at the AGM see pages 19 to 21.

Resolutions

At this year's AGM we're proposing 21 resolutions.

The Board believes that all of the resolutions set out in this Notice of meeting are in the best interests of BT Group and its shareholders as a whole and unanimously recommends that shareholders vote in favour of all of the resolutions to be proposed at the AGM. All Directors who own ordinary shares intend to vote in favour of all of the resolutions proposed.

The resolutions proposed are set out on pages 10 to 16.

Looking ahead

BT Group has made good progress in the last few years and yet we still have an enormous transformation ahead of us if we're to truly modernise the way we operate for the benefit of all our stakeholders.

While we have a long way to go, our strategy is beginning to deliver, creating the next generation networks that connect the UK, while seeing clear improvements in operational efficiency and financial returns.

As our investment expenditure reduces and as Allison's leadership brings renewed focus and accelerated delivery, I'm confident that the long-term prospects for BT Group are extremely strong.

Special business

The following resolution will be proposed as an ordinary resolution.

Resolution 16: Authority to allot shares

That:

(a) the directors be and are hereby generally and unconditionally authorised pursuant to, and in accordance with, section 551 of the Companies Act 2006 (2006 Act) to exercise all powers of BT Group plc to allot shares in BT Group plc and to grant rights to subscribe for, or to convert any security into, shares in BT Group plc:

(i) up to an aggregate nominal amount of £165,874,229; and

(ii) comprising equity securities, as defined in section 560 of the 2006 Act, up to an aggregate nominal amount of £331,748,458 (including within such limit any shares issued or rights granted under paragraph (i) above) in connection with an offer by way of a rights issue to:

a. holders of ordinary shares in BT Group plc in proportion, as nearly as may be practicable, to their existing holdings; and

b. holders of other equity securities as required by the rights of those securities or, if the directors consider it necessary, as permitted by the rights of those securities,

and so that the directors may impose any limits or restrictions and make any arrangements which they consider necessary or appropriate to deal with treasury shares, fractional entitlements, record dates, shares represented by depositary receipts, legal, regulatory or practical problems under the laws of, or the requirements of, any recognised regulatory body or any stock exchange in any territory or any other matter whatsoever. This authority shall hereby

take effect from the date of the passing of this resolution until the conclusion of the BT Group plc AGM in 2025, or the close of business on 28 September 2025, whichever is the earlier, provided that, in each case, we may, before this authority expires, make offers and enter into agreements which would, or might, require shares in BT Group plc to be allotted or rights to subscribe for or convert any security into shares to be granted after this authority expires and the directors may allot shares in BT Group plc or grant rights under any such offer or agreement as if this authority had not expired;

(b) subject to paragraph (c) below, all existing authorities given to the directors pursuant to section 551 of the 2006 Act by way of the ordinary resolution of BT Group plc passed on 13 July 2023 be revoked by this resolution; and

(c) paragraph (b) above shall be without prejudice to the continuing authority of the directors to allot shares or grant rights to subscribe for, or convert any security into, shares pursuant to an offer or agreement made by BT Group plc before the expiry of the authority pursuant to which such offer or agreement was made.

The Investment Association's (IA) guidelines state that IA members will permit, and treat as routine, (i) a request for authorisation to allot up to one-third of the current total issued share capital of BT Group plc (excluding treasury shares), together with the number of shares required to be allotted in respect of share incentive schemes; and (ii) a request for authorisation to allot up to a further one-third of BT Group plc's current total issued share capital (excluding treasury shares), provided that such additional allotment is only applied to fully pre-emptive rights issues. The Board considers it appropriate that BT Group plc should follow these guidelines. Accordingly, under Resolution 16(a)(i), the directors are seeking authority to allot shares and grant rights to subscribe for, or convert securities into, shares up to an aggregate nominal amount of

£165,874,229 pursuant to section 551 of the 2006 Act, which is equivalent to approximately one-third of the total issued share capital of BT Group plc (excluding treasury shares) as at 28 May 2024, the latest practicable date prior to publication of this Notice of meeting (Latest Practicable Date). Under Resolution 16(a)(ii), the directors are seeking authority to allot ordinary shares in connection with a rights issue in favour of ordinary shareholders up to a further aggregate nominal amount of £165,874,229 which is equivalent to approximately one-third of the total issued share capital of BT Group plc (excluding treasury shares) as at the Latest Practicable Date. Therefore, the total authorisation sought by Resolution 16 is equal to approximately two-thirds of the total issued share capital of BT Group plc (excluding treasury shares) as at the Latest Practicable Date.

The directors have no present intention of exercising this authority other than in connection with BT Group plc's employee share plans, but they consider it desirable to have the maximum flexibility permitted by corporate governance guidelines. If such authority is exercised, the directors intend to follow best practice with respect to its use as recommended by the IA. This authority will expire on the conclusion of the BT Group plc AGM in 2025 or at the close of business on 28 September 2025, whichever is the earlier.

The following four resolutions will be proposed as special resolutions.

Resolution 17: Disapplication of pre-emption rights

That, subject to the passing of Resolution 16, and in place of the power given to them pursuant to the special resolution of BT Group plc passed on 13 July 2023, the Board be authorised to allot equity securities (as defined in the 2006 Act) for cash under the authority given by Resolution 16 and/or to sell ordinary shares held by BT Group plc as treasury shares for cash as if section 561 of the 2006 Act did not apply to any such allotment or sale, such authority to be limited:

- (a) to the allotment of equity securities in connection with an offer of equity securities (but in the case of the authority granted under Resolution 16(a)(ii), by way of a rights issue only) to or in favour of:**
 - (i) holders of ordinary shares in BT Group plc in proportion, as nearly as may be practicable, to their existing holdings; and**
 - (ii) holders of other equity securities, as required by the rights of those securities or, if the directors consider it necessary, as permitted by the rights of those securities,**

and so that the directors may impose any limits or restrictions and make any arrangements which they consider necessary or appropriate to deal with treasury shares, fractional entitlements, record dates, shares represented by depositary receipts, legal, regulatory or practical problems under the laws of, or the requirements of, any recognised regulatory body or any stock exchange in any territory or any other matter whatsoever; and

Notice of meeting continued

- (b) to the allotment of equity securities and/or sale of treasury shares (otherwise than under paragraph (a) above) up to an aggregate nominal amount of £24,881,134,

such authority to expire on the conclusion of the BT Group plc AGM in 2025 or at the close of business on 28 September 2025, whichever is the earlier, but, in each case, prior to its expiry BT Group plc may make offers, and enter into agreements, which would, or might, require equity securities to be allotted (and/or treasury shares to be sold) after the authority expires and the Board may allot equity securities (and/or sell treasury shares) under any such offer or agreement as if the authority had not expired.

Resolution 18: Further disapplication of pre-emption rights

That subject to the passing of Resolution 16, the Board be authorised, in addition to any authority granted under Resolution 17, to allot equity securities (as defined in the 2006 Act) for cash under the authority given by that resolution and/or to sell ordinary shares held by BT Group plc as treasury shares for cash as if section 561 of the 2006 Act did not apply to any such allotment or sale, such authority to be:

- (a) limited to the allotment of equity securities and/or sale of treasury shares up to an aggregate nominal amount of £24,881,134; and
- (b) used only for the purposes of financing (or refinancing, if the authority is to be used within six months after the original transaction) a transaction which the Board determines to be an acquisition or other capital investment of a kind contemplated by the Statement of Principles on Disapplying Pre-Emption Rights most recently published by the Pre-Emption Group prior to the date of this Notice of meeting,

such authority to expire on the conclusion of the BT Group plc AGM in 2025 or at the close of business on 28 September 2025, whichever is the earlier, but, in each case, prior to its expiry BT Group plc may make offers, and enter into agreements, which would, or might, require equity securities to be allotted (and/or treasury shares to be sold) after the authority expires and the Board may allot equity securities (and/or sell treasury shares) under any such offer or agreement as if the authority had not expired.

The directors have no present intention of exercising the authority under Resolutions 17 and 18 but consider it desirable to have the maximum flexibility permitted by corporate governance guidelines to respond to market developments and to enable allotments to take place to finance business opportunities without making a pre-emptive offer to existing shareholders. This cannot be done under the 2006 Act unless the shareholders have first waived their pre-emption rights. Resolutions 17 and 18 ask shareholders to grant this limited waiver. The resolutions will be proposed as special resolutions. Resolution 17 contains a two-part waiver. The first is limited to the allotment of shares for cash in connection with a rights issue to allow the directors to make appropriate exclusions and other arrangements to resolve legal or practical problems which, for example, might arise in relation to overseas shareholders. The second is limited to the allotment of shares for cash up to an aggregate nominal value of £24,881,134 (which includes the sale on a non-pre-emptive basis of any shares held in treasury), which represents approximately 5% of the total issued share capital (excluding treasury shares) as at the Latest Practicable Date. The waiver granted by Resolution 18 is in addition to the waiver granted by Resolution 17. It is limited to the allotment of shares for cash up to an aggregate nominal value of £24,881,134 (which includes the sale on a non-pre-emptive basis of any shares held in treasury) which represents a further 5% (approximately) of the total issued share capital (excluding treasury shares) as at the Latest Practicable Date.

This further waiver may only be used for an allotment of shares for cash for the purposes of financing (or refinancing, if the waiver is used within six months of the original transaction) a transaction which the directors determine to be an acquisition or other capital investment of a kind contemplated by the Pre-Emption Group's November 2022 Statement of Principles. The directors do not intend to issue more than 7.5% of the issued ordinary share capital of BT Group plc (excluding any treasury shares) for cash on a non-pre-emptive basis in any rolling three-year period (other than in connection with an acquisition or specified capital investment as described in the Statement of Principles) without prior consultation with shareholders. This authority will expire on the conclusion of the BT Group plc AGM in 2025, or at the close of business on 28 September 2025, whichever is the earlier.

Resolution 19: Authority to purchase own shares

That BT Group plc has general and unconditional authority to make market purchases (as defined in section 693(4) of the 2006 Act) of shares of 5p each in BT Group plc, subject to the following conditions:

- (a) the maximum number of shares which may be purchased is 995,245,374 shares;**
- (b) the minimum price (excluding expenses) which may be paid for each share is 5p;**
- (c) the maximum price (excluding expenses) which BT Group plc may pay for each share cannot be more than the higher of:**
 - (i) 105% of the average market value of a share in BT Group plc for the five business days prior to the day the purchase is made; and**
 - (ii) the value of a share in BT Group plc calculated on the basis of the higher of the price quoted for: (a) the last independent trade of; and (b) the highest current independent bid for, in each instance any number of shares in BT Group plc on the trading venues where the purchase is carried out; and**

(d) this authority expires on the conclusion of the BT Group plc AGM in 2025 or at the close of business on 28 September 2025, whichever is the earlier, except in relation to the purchase of shares, the contract for which was concluded before the expiry of this authority and which might be executed wholly or partly after that expiry.

This resolution renews BT Group plc's general authority to buy its own shares on similar terms to previous years' authorities. It is limited to 995,245,374 ordinary shares, representing 10% of the total issued share capital (excluding treasury shares) at the Latest Practicable Date. The directors would exercise this authority only after considering the effects on earnings per share and the benefits for shareholders generally. The purchase of shares by BT Group plc under this authority would be a purchase in the market.

Use of this authority should not be confused with any share dealing facilities that may be offered to shareholders by BT Group plc.

Shares purchased by BT Group plc out of distributable profits could be held as treasury shares, which could then be cancelled, sold for cash or used to meet BT Group plc's obligations under its employee share plans.

During FY24, no shares were purchased under this authority.

As at the Latest Practicable Date, 20,516,612 treasury shares had been transferred to meet BT Group plc's obligations under its employee share plans and at that date, BT Group plc held 15,673,939 treasury shares, which is equal to 0.16% of the total issued share capital (excluding treasury shares).

BT Group plc's current intention is to hold any shares purchased under this authority as treasury shares but it retains the flexibility to cancel them or sell them for cash if it considers this to be in the best interests of BT Group plc. The authority will expire on the conclusion of the BT Group plc AGM in 2025 although the directors intend to seek renewal of this power at each AGM.

Notice of meeting continued

As at the Latest Practicable Date, there were options outstanding over 153,238,392 shares (all of which were in respect of options granted under the savings-related share option plans), representing 1.54% of the total issued share capital (excluding treasury shares). If the authority given by this resolution were to be fully used, these options would represent 1.71% of the total issued share capital (excluding treasury shares). There are no warrants outstanding.

Resolution 20: Authority to call a general meeting on 14 days' notice

That BT Group plc may call a general meeting (but not an AGM) on at least 14 clear days' notice.

The 2006 Act requires that general meetings are held on 21 days' notice unless shareholders have approved a shorter notice period. This resolution means we would give you 14 clear days' or more notice of a general meeting. It will be effective until BT Group plc's 2025 AGM, when we may propose a similar resolution. We expect that the authority would be used only in exceptional circumstances.

Resolution 21 will be proposed as an ordinary resolution.

Resolution 21: Authority for political donations

That during the period beginning with the date of the 2024 AGM and ending at the end of the day on which the BT Group plc AGM in 2025 is held, BT Group plc, and any company which is a subsidiary of BT Group plc at any time during such period, be authorised to make political donations to political:

- (a) parties and/or independent election candidates not exceeding £75,000 in total; and**
- (b) organisations other than political parties not exceeding £25,000 in total.**

The terms 'political donation', 'political parties', 'independent election candidates' and 'political organisation' have the meanings given by sections 363 to 365 of the 2006 Act.

Our policy is that no company in the group will make contributions in cash or in kind to any political party, whether by gift or loan. However, the definition of political donations used in the 2006 Act is significantly broader than the sense in which these words are ordinarily used. The 2006 Act's remit could cover making members of Parliament and others in the political world aware of key industry issues and matters affecting BT Group plc, and enhancing their understanding of the group.

The authority for political donations requested at the AGM is not intended to change this policy. It will, however, ensure that the group continues to act within the provisions of the 2006 Act, requiring companies to obtain shareholder authority before they make donations to political parties and/or political organisations as defined in the 2006 Act. During FY24, BT Group plc's wholly owned subsidiary, British Telecommunications plc, paid the costs of attending events at (i) the Labour Party Conference and Business Conference; (ii) the Conservative Party Conference; and (iii) the Liberal Democrats Business Day. These costs totalled £9,343 (FY23: £5,848). No company in the BT Group made any loans to any political party.

Important notes

The following notes explain your general rights as a shareholder and your right to vote at the 2024 AGM or to appoint someone else to vote on your behalf.

Register of members and proxies

Only shareholders on the BT Group plc Register of Members at 6:30pm on 9 July 2024 are entitled to attend, speak and vote, whether in person or online, at the AGM, or, if the meeting is adjourned, 6:30pm two working days prior to the time fixed for the adjourned meeting. Changes after that time will not be taken into account.

By law, you can appoint (i) another person as your proxy to exercise all or any of your rights to attend, speak and vote at the AGM; and (ii) more than one proxy in relation to the AGM, provided you appoint each proxy to exercise the rights attached to a different share or shares held by you. A proxy also does not need to be a BT Group plc shareholder. We strongly encourage you to appoint the Chair of the AGM, as opposed to any other person, to act as your proxy to ensure your vote is counted (if, for instance, you or that other person are not able to attend the AGM in person or online).

On a poll, the number of shares you hold as a shareholder at 6:30pm on 9 July 2024 will decide the number of votes that you may cast.

Nominated persons

Unless you are a shareholder, you do not have a right to appoint any proxies under the procedures set out above, or referred to under the heading 'AGM information' on page 19.

Any persons whose ordinary shares are held on their behalf by another person and who have been nominated to receive communications from BT Group plc in accordance with section 146 of the 2006 Act (Nominated Persons) may have a right under an agreement with the shareholder of BT Group plc (Relevant Shareholder) to be appointed, or to have someone else appointed, as a proxy for the meeting; or (if he or she has no such right or does not wish to exercise it) to give instructions to the Relevant Shareholder on the exercise of voting rights. The statement of members' rights to appoint proxies does not apply to Nominated Persons. The rights described to appoint proxies can only be exercised by the registered shareholder.

Notice of meeting continued

If you are uncertain about your rights or about your investment you should contact the person or organisation that administers that investment.

Shareholders' rights

Under section 319A of the 2006 Act, shareholders attending the AGM, whether in person or online, have the right to ask questions relating to its business. BT Group plc must answer any such question relating to the business being dealt with at the AGM but no such answer need be given if (i) to do so would interfere unduly with the preparation for the AGM or involve the disclosure of confidential information; (ii) the answer has already been given on a website in the form of an answer to a question; or (iii) it is undesirable in the interests of BT Group plc, or the good order of the AGM, that the question be answered.

If enough shareholders act together to make requests under sections 527 and 528 of the 2006 Act, BT Group plc may have to publish on its website a statement setting out any matter relating to the audit of its accounts or any circumstance connected with its auditor ceasing to hold office.

BT Group plc cannot make shareholders who make a request pay its expenses in complying with these sections. It has to forward the statement to its auditor before it publishes the statement. The business which may be dealt with at the AGM includes any such statement.

Shareholders meeting the threshold and time limit set out in sections 338 and 338A of the 2006 Act can make BT Group plc give its members notice of a resolution and/or include in the business to be dealt with at the AGM any matter which may be properly included in that business.

Shares

The total number of issued and fully paid ordinary shares of 5p each at the Latest Practicable Date was 9,968,127,681.

The total number of voting rights in BT Group plc at the Latest Practicable Date was 9,952,453,742.

Documents

Copies of the Directors' service agreements and letters of appointment are available for inspection during business hours at our registered office on any weekday (but not on public holidays in England and Wales).

Documents will also be available for inspection at the AGM venue from 1:00pm on the day of the meeting until the end of the meeting.

Recommendation

The Board believes that all of the resolutions set out in this Notice of meeting are in the best interests of BT Group plc and its shareholders as a whole and unanimously recommends that shareholders vote in favour of all of the resolutions to be proposed at the AGM. All Directors who own ordinary shares intend to vote in favour of the resolutions to be proposed at the AGM.
