Forward-looking statements caution

This presentation contains certain forward-looking statements which are made in reliance on the safe harbour provisions of the US Private Securities Litigation Reform Act of 1995. These statements relate to analyses and other information which are based on forecasts of future results and estimates of amounts not yet determinable. These statements include, without limitation, those concerning: the potential impact of Covid-19 on our people, operations, suppliers and customers; current and future years' outlook, including without limitation to revenue, adjusted EBITDA, capital expenditure and normalised free cash flow; strategy; revenue and revenue trends; EBITDA and profitability; free cash flow; capital expenditure; return on capital employed; shareholder returns including dividends and share buyback; net debt; credit ratings; our group-wide transformation and restructuring programme, cost transformation plans and restructuring costs; investment in and roll out of our fibre network and its reach, innovations, increased speeds and speed availability; our broadband-based service and strategy; investment in and rollout of 5G; the investment in converged network; improvements to the customer experience; our investment in TV, enhancing our TV service and BT Sport; the recovery plan, operating charge, regular cash contributions and interest expense for our defined benefit pension schemes; effective tax rate; growth opportunities in networked IT services, the pay-TV services market, broadband, artificial intelligence and mobility and future voice; growth of, and opportunities available in, the communications industry and BT's positioning to take advantage of those opportunities; expectations regarding competition, market shares, prices and growth; expectations regarding the convergence of technologies; plans for the launch of new products and services; network performance and quality; the impact of regulatory initiatives, decisions and outcomes on operations; BT's possible or assumed future results of operations and/or those of its associates and joint ventures; investment plans; adequacy of capital; financing plans and refinancing requirements; demand for and access to broadband and the promotion of broadband by third-party service providers; improvements to the control environment; and those statements preceded by, followed by, or that include the words 'aims', 'believes', 'expects', 'anticipates', 'intends', 'will', 'should', 'plans', 'strategy', 'future', 'likely', 'seeks', 'projects', 'estimates' or similar expressions.

Although BT believes that the expectations reflected in these forward-looking statements are reasonable, it can give no assurance that these expectations will prove to have been correct. Because these statements involve risks and uncertainties, actual results may differ materially from those expressed or implied by these forward-looking statements. Factors that could cause differences between actual results and those implied by the forward-looking statements include, but are not limited to: the duration and severity of Covid-19 impacts on our people, operations, suppliers and customers; failure to respond effectively to intensifying competition and technology developments; failure to address the lingering perception of slow pace and connectivity in broadband and mobile coverage, which continues to be raised at a UK parliamentary level; undermining of our strategy and investor confidence caused by an adversarial political environment; challenges presented by Covid-19 around network resilience, support for staff and customers, data sharing and cyber security defence; unfavourable regulatory changes; attacks on our infrastructure and assets by people inside BT or by external sources like hackers, criminals, terrorists or nation states; a failure in the supplier selection process or in the ongoing management of a third-party supplier in our supply chain, including failures arising as a result of Covid-19; risks relating to our BT transformation plan; failure to successfully manage our large, complex and high-value national and multinational customer contracts (including the Emergency Services Network and the Building Digital UK (BDUK) programme) and deliver the anticipated benefits; changes to our customers' needs, budgets or strategies that adversely affect our ability to meet contractual commitments or realise expected revenues, profitability or cash generation; customer experiences that are not brand enhancing nor drive sustainable profitable revenue growth; pandemics, natural perils, network and system faults, malicious acts, supply chain failure, software changes or infrastructure outages that could cause disruptions or otherwise damage the continuity of end to end customer services including network connectivity, network performance, IT systems and service platforms; insufficient engagement from our people; adverse developments in respect of our defined benefit pension schemes; risks related to funding and liquidity, interest rates, foreign exchange, counterparties and tax; failures in the protection of the health, safety and wellbeing of our employees or members of the public or breaches of health and safety law and regulations; financial controls that may not prevent or detect fraud, financial misstatement or other financial loss; security breaches relating to our customers' and employees' data or breaches of data privacy laws; failure to recognise or promptly report wrongdoing by our people or those working for us or on our behalf (including a failure to comply with our internal policies and procedures or the laws to which we are subject); and the potential impacts of climate change on our business. BT undertakes no obligation to update any forward-looking statements whether written or oral that may be made from time to time, whether as a result of new information, future events or otherwise.

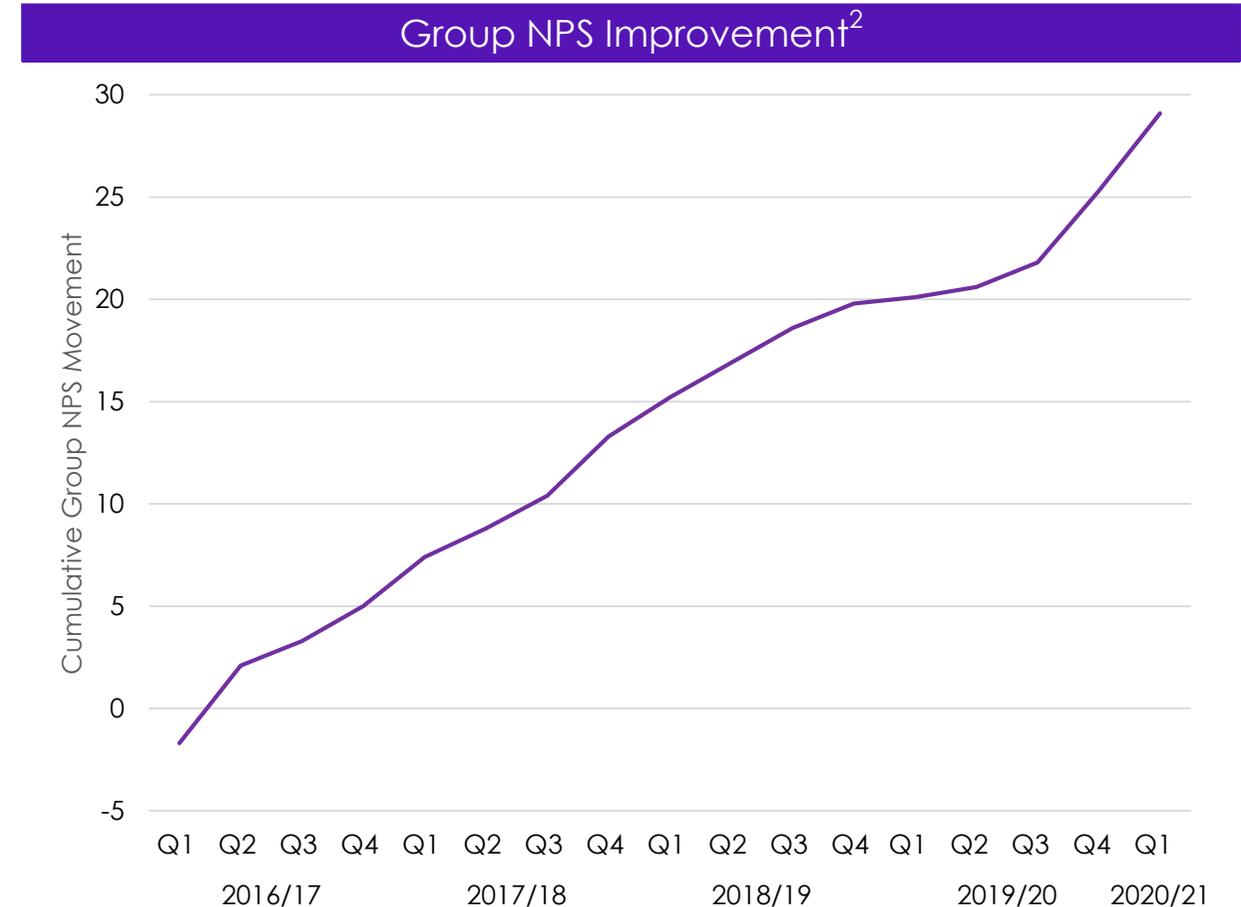

Philip Jansen
Chief Executive

Our three-pillar strategy is how we'll realise our ambition, growing value for all stakeholders

Q1 highlights – strong operating performance

- Continued to support customers and colleagues through Covid-19 crisis
- Relatively resilient set of financial results despite the difficult circumstances
- Sustainable adjusted EBITDA growth beyond this year
- Positive progress on a number of key enablers
 - proposed extension of indexation into Area 3
 - constructive discussions with CPs to drive FTTP¹ take-up
- Limited impact from revised guidance on Huawei
 - additional costs can be absorbed
- 16th consecutive quarter of NPS² improvement
- EE winner of all seven UK RootMetrics' awards in H1 2020, including six outright wins

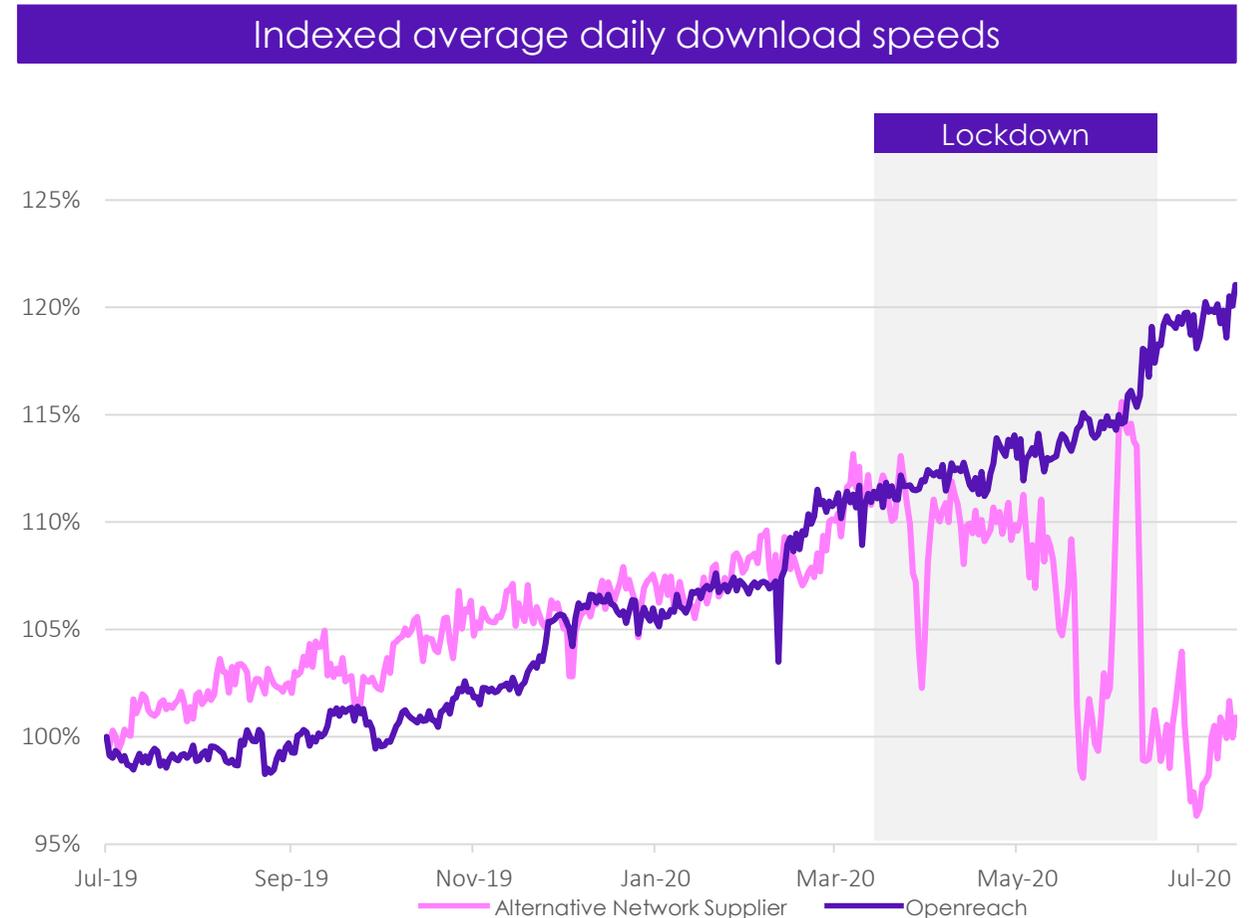

¹Fibre-to-the-premises

²Group net promoter score (NPS) shows the cumulative movement in our customers' perception of BT since April 2016. It's a combined measure of 'promoters' minus detractors across our business units

Our response to Covid-19 – further supporting customers and colleagues

- Collaboration on remote diagnostic station in hospitals
- New resources released to support home schooling
- Working with Jobcentre Plus to run webinars to help jobseekers
- Mitigation actions successfully embedded
 - collaboration with suppliers
 - tighter group-wide recruitment controls
- Retrained colleagues who were unable to work while retail stores were forced to close
- Leading the way with our wellbeing support for colleagues
- Openreach access network continues to show resilience and superior performance

Index of average speeds across entire sample of volunteers of each provider. Openreach includes samples from BT, Sky, TalkTalk, and Vodafone only. Average weekly volunteer counts (across charted period) – BT 880, Sky 437, TalkTalk 387, Vodafone 175, Alternative Network Supplier 569. Mix of propositions within each ISP not necessarily representative; volunteer sample subject to turnover.
