General information

For information on safety instructions, cleaning, technical information or connecting to a switchboard, please refer to the 'General Information' section in the full user guide at www.bt.com/producthelp

Guarantee

Your BT Diverse 7460 is guaranteed for a period of 12 months from the date of purchase.

Subject to the terms listed below, the guarantee will provide for the repair of, or at BT's or its agent's discretion the option to replace the BT Diverse 7460, or any component thereof, (other than batteries), which is identified as faulty or below standard, or as a result of inferior workmanship or materials. Products over 28 days old from the date of purchase may be replaced with a refurbished or repaired product.

The conditions of this quarantee are:

- The guarantee shall only apply to defects that occur within the 12 month guarantee period.
- Proof of purchase is required.
- The equipment is returned to BT or its agent as instructed.

This guarantee does not cover any faults or defects caused by accidents, misuse, fair wear and tear, neglect, tampering with the equipment, or any attempt at adjustment or repair other than through approved agents.

This guarantee does not affect your statutory rights.

For further information within and outside the 12 month guarantee, please refer to the full user guide at www.bt.com/producthelp

Product disposal instructions

The symbol shown here and on the product means that the product is classed as Electrical or Electronic Equipment and should not be disposed with other household or commercial waste at the end of its working life.

The Waste of Electrical and Electronic Equipment (WEEE) Directive (2002/96/EC) has been put in place to recycle products using best available recovery and recycling techniques to minimise the impact on the environment, treat any hazardous substances and avoid the increasing landfill.

Product disposal instructions for residential users

When you have no further use for it, please remove any batteries and dispose of them and the product as per your local authority's recycling processes. For more information please contact your local authority or the retailer where the product was purchased.

Product disposal instructions for business users

Business users should contact their suppliers and check the terms and conditions of the purchase contract and ensure that this product is not mixed with other commercial waste for disposal.

Warning

This equipment is not designed for making emergency telephone calls when the power fails. Alternative arrangements should be made for access to emergency services.

R&TTE Directive & Declaration of Conformity

This product is intended for use within the UK for connection to the public telephone network and compatible switchboards.

This equipment complies with the essential requirements for the Radio Equipment and Telecommunications Terminal Equipment Directive (1999/5/EC).

For a copy of the Declaration of Conformity please refer to www.bt.com/producthelp

User Guide

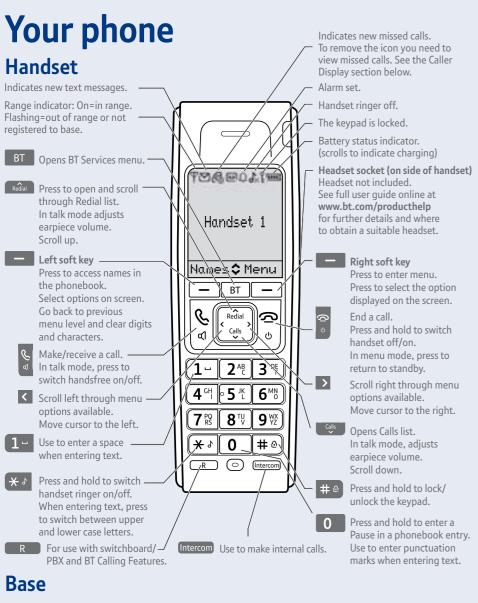

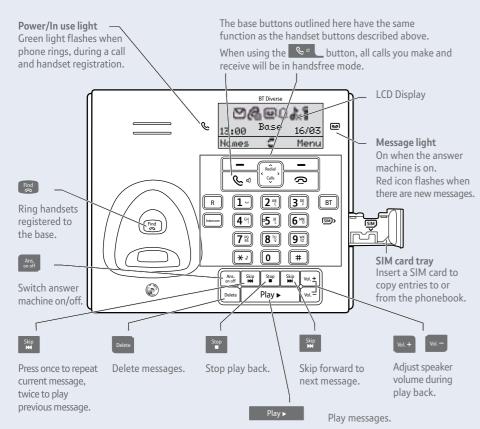

Setting up is easy. Just follow the simple steps in this guide.

If you need further assistance, please visit our website www.bt.com/producthelp to view our advanced user guide or call our helpdesk on 0800 218 2182*

* Calls made from within the UK mainland network are free. Mobile and International call costs may vary.

9429 Diverse 7460 QSG [5].indd 1 4/12/09 12:55:33

The following instructions can be carried out using the handset or the base buttons unless stated otherwise.

Making calls

Calls made or received using the base will be in handsfree mode. Press (handset) or (base) then dial the phone number. Press (handset) or (base) to end the call.

Answering calls

If you have subscribed to Caller Display, the caller's details will be displayed before you answer (see the full user guide online at www.bt.com/producthelp for details).

Lift the handset from the base to answer incoming calls. If the handset is **not** on the base, press on the handset or on the base.

Handsfree from the handset

Press during a call to switch the call to loudspeaker.

Press the left soft key (Secrecy) during a call to activate secrecy mode. Press the left soft key again (0ff) to return to your caller.

Press Redial, scroll Redial or to choose the number you want. Press or to redial the number.

Phonebook

Storing new directory entries manually (up to 200)

Press Names. New Entry is highlighted, press OK.

Enter the name then press OK. You may need to press the same button a few times until the letter you want is displayed. For example, press 24 once for A ,or twice for B.

Number is displayed. Enter the number and press OK.

Group is displayed and the group ringtone melody is played (you cannot change the ringtone at this stage). To add the entry to a call group, scroll \(\) or \(\) to select a group and press OK. Display shows Saved (if you don't want to use this feature simply select No Group for all entries).

For further information on call groups or to select call group ringtones, please refer to the full user guide online at www.bt.com/producthelp

Dialling a directory entry

Press Names, scroll Regist or Calls to the entry you want. Press or Calls to dial the number.

SIM card reader/writer

Copy SIM card entries to phonebook

(To copy phonebook entries to a SIM card, see the full online user guide)

Please note the following points otherwise copying will not work: If your SIM card is PIN protected you must remove the PIN before taking the SIM out of your mobile. Entries must be stored on the SIM card itself and not just in your mobile phonebook.

Insert the SIM card into the SIM card tray on the side of the base. The SIM card should have the gold chip facing upwards.

Press Names. If no phonebook entries are present, scroll to SIM to Phone and press OK. If phonebook entries exist, scroll to any entry and press Options. Scroll to SIM Copy and press OK.

Select SIM to Phone and press OK. A list of SIM entries is displayed.

Select the entry you wish to copy to the phonebook (or any entry if you wish to copy all entries) and press OK.

Press or to select Copy Entry (to copy this entry only) or Copy All (to copy all entries) and press OK. When successful the display will show ✓ Copied.

Caller Display and the Calls list

(a) You must subscribe to a Caller Display service for this feature to work. Your network provider may charge you for this service.

View and dial from the Calls list

Press , the most recent entry in the list is displayed. Press or to scroll

Press Options. Details is highlighted, press OK. The call details will be displayed. Press or to dial a displayed entry.

Answering machine

Your answering machine is on and ready to record messages. The controls are shown in the base diagram to the bottom left and the features can also be accessed via the handset Answer Machine menu.

Recording your own outgoing message

Press Menu, scroll > to Answer Machine, press OK.

Press to scroll to Outsoins Mss. and press OK. Scroll to Record Message and press OK.

Press or or to select Answer & Record or Answer Only and press OK.

After the long beep, speak your message into the handset. When finished, press Save. Your message will be played back to you. If you want to delete it, press Delete during playback, or press OK to save it.

Ring delay (set number of rings before answer machine picks up the call)

For compatibility with the BT 1571 service do not set the ring delay to more than 6 rings. Press Menu. Scroll > to Answer Machine. Press OK.

Scroll to Ans. Settings and press OK.

Scroll to Answer Delay and press OK. Press or to select the number of rings (2-9 or Timer Saver) and press OK to save.

For detailed instructions on all the answering machine features see the full user guide online at www.bt.com/producthelp

Text messaging

Before sending and receiving text messages you need to register to the text messaging service and subscribe to Caller Display. You will be automatically registered to the text message service when you send your first text. See the full user guide online at www.bt.com/producthelp for details.

(?) Help

Most problems can be fixed with a few simple checks.

Problem	Solution
No dial tone	Only use the cables and batteries supplied. Make sure both the power adaptor cable and telephone line cord are plugged into the correct sockets on the base. Make sure the power is switched on at the power wall socket and that the telephone line cord is plugged in correctly at the telephone wall socket.
Poor speech quality	Make sure the product is not located too close to other electrical appliances. This can also help improve the handset range from the base.
Battery icon not full/ handset dead	Make sure you charge the batteries for 24 hours before use to ensure maximum battery performance.
Using broadband on the same phone line?	Make sure you plug the phone into the wall socket via an ADSL microfilter (not supplied), otherwise you may have problems with this product and your broadband service. ADSL microfilter
